A By-law to Prohibit or Regulate the Destruction or Injuring of Trees in the Regional Municipality of Halton

TREE HARVESTING PERMIT APPLICATION INSTRUCTIONS

Thank you for completing this application and for your contribution to ensuring that all tree harvesting activity in Halton Region adheres to good forestry practices. There are a number of personal-use exemptions and special requirements of Halton Region's Tree By-law and we encourage you to fully read and understand all its provisions and requirements before completing this application. Along with the By-law, additional information is available in the brochure ***A Guide to Halton Region's Tree By-Law*** available at the Halton Regional Centre or from our website. We would be pleased to assist you if you have any questions or require any information about the Region's Tree By-law and your planned harvesting activities. **IMPORTANT: There is no fee associated with a Harvesting Permit, however, please note that no tree cutting can commence until a permit has been approved and issued.** Following these instructions will ensure your application is complete and may be processed in a timely manner.

PART 1. APPLICANT INFORMATION

Completion of this section in full is mandatory. Information for the registered property owner(s) and all agents, contractors or operators involved in the removal of trees is required. Please ensure all contact information is complete and attach separate pages if necessary.

PART 2.. PROPERTY LOCATION INFORMATION

Please complete this section to the fullest extent possible. If you are unsure of the legal description of your property, this information is usually indicated on the legal deed to your property. In addition, your property tax roll number or assessment number will normally be indicated on your latest property tax bill. "Urban Area" as defined in the Tree By-law means lands so designated in the Halton Region Official Plan and include areas that are currently within the urban areas of Halton Region or have been designated for future urban growth. If you are unsure as to whether your lands fall within the "Urban Area", please contact the Region.

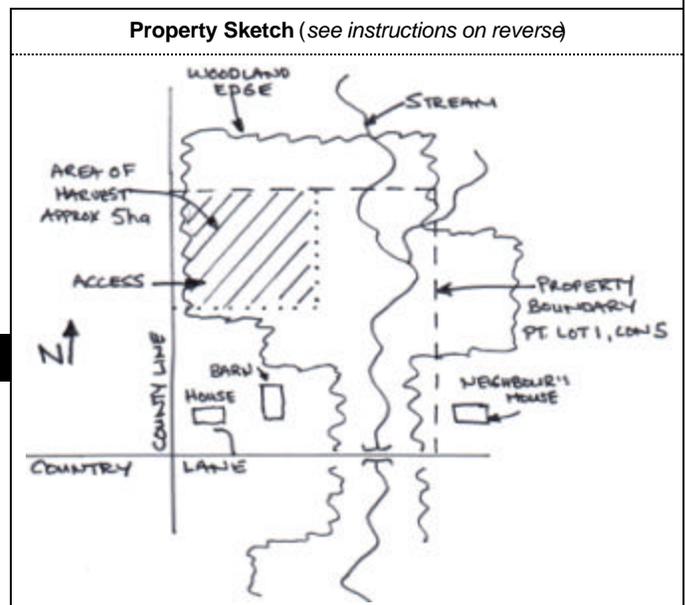

PROPERTY SKETCH INSTRUCTIONS:

A hand-drawn sketch is a requirement of the permit application. Using the example shown at right as a guideline, please ensure the following features are illustrated at the best scale possible:

- Roads and Crossroads
- Property Boundaries
- Outline of Woodland Area
- Area of Harvesting
- Road Access to Harvest Area
- Dwellings & Structures
- Streams, Rivers & Ponds
- Wetlands
- North Arrow
- Other Distinguishing Features

PART 3. HARVEST INFORMATION

This section requests a description of the harvesting activities proposed including the total woodland area and the area where cutting will occur (as illustrated on the property sketch). If the harvesting is to be undertaken as part of an approved Forest Management Plan, please include a copy of the Plan with your application. A brief description on the harvesting methods proposed is required which should include information on all equipment haulage and any regeneration proposed.

PART 4. AUTHORIZATION

Proper signed authorization is mandatory and if necessary, please attach separate letters of authorization if a number of parties will be responsible for the harvesting activity. This permit application is deemed to be a public document in accordance with the *Municipal Freedom of Information and Protection of Privacy Act*, R.S.O. 1990.
